WNMU-TV Format/Channel Changes

Public TV 13 is in the process of reformatting our three channels: 13.1 (our main channel, known as “Public TV 13”) will be upgraded to HD; 13.2 (formerly our HD channel) will be changed to standard definition (SD); and 13.3 “TV 13/Plus” will be upgraded to HD.

Program schedules are not changing at this time, and channel numbers for antenna viewers will also stay the same. Cable and satellite subscribers will notice some changes. Dish Network and DirecTV will be carrying 13.1 in HD (DirecTV will drop TV13/Plus as they are only offering us one HD channel.) Charter and other cable operators may also be making some changes in the arrangement of our channels.

We do not know exactly when the format change will take place or how long it will take providers to adapt, but when we know more we’ll update you on air, and via our website wnmutv.nmu.edu and our Facebook page.

We look forward to bringing you more HD programming. Thanks for your patience.
