Plants Behaving Badly

Two groups of plants exhibit such intriguing behavior that a century and a half ago they attracted the attention of Charles Darwin. This two-part series takes an in-depth look at the intriguing behavior of orchids and carnivorous plants and witness a world of deceit and treachery worthy of any fictional thriller. David Attenborough narrates.

Free to Rock

During the Cold War the Soviets deemed western rock music as propaganda. However, the soft power of American rock music, pumped into Eastern Europe and the USSR by Voice of America and Radio Free Europe, inspired thousands of underground rock bands and tens of millions of their passionate supporters, and ultimately contributed to the end of the Cold War.
