### We Can Do It
**A Celebration of Michigan Women**

Some 60 years ago Rosie the Riveter said, “We can do it!” and the Michigan Women’s Hall of Fame keeps her spirit alive by celebrating the ‘can do’ attitude of women. For the past 25 years, the Michigan Women’s Hall of Fame in Lansing has honored the achievements of outstanding historical and contemporary Michigan women. This documentary from WTVS, Detroit, tells their story.

### Antiques Roadshow Grand Rapids
**Behind the Scenes**

Antiques Roadshow visited Grand Rapids in August 2008, and now you can catch all of the action! This program documents the Michigan visit with interviews with producers, appraisers, host Mark L. Walberg and local attendees. It’s an *Antiques Roadshow* extravaganza, Grand Rapids-style! WGVU presents this behind-the-scenes look at how the show comes together.

**WWII Behind Closed Doors**

**Stalin, the Nazis and the West**

In secret meetings held throughout the duration of World War II, Stalin, Roosevelt and Churchill sparred and negotiated for the political and economic interests of their nations — making deals that often had more to do with expediency than right or wrong. Historian Laurence Rees tells the unknown story in this 3-part series.

Frontline The Madoff Affair

In the mid-1960s, Bernard Madoff began tapping money from his wealthy clients with the promise of steady guaranteed returns on their investments. There were allegations that Madoff was operating a Ponzi scheme, but he remained untouched until December 2008, when he admitted it was all “one big lie.” FRONTLINE unravels the story behind a deception that lasted longer, reached wider and cut deeper than any other business scandal in history.

**Paying for College in Michigan 2009**

Is college worth the price? Howard and Matthew Green introduce the basic concepts behind paying for college and go behind the scenes at major universities, meeting financial aid officers who provide firsthand glimpses into an often murky and mistrusted decision-making process. Three families help provide “jumping off points, for discussions about how college financial opportunities may change as families change.

DTV Update: TV13 Conversion Coming This Month

News on Public TV 13’s upcoming conversion to digital-only television broadcasts.

During the month of May 2009, Public TV 13 will complete our transition to digital television broadcasts. We have informed the FCC that we will turn off our analog transmitter on Wednesday, May 13. Our transmitter and tower will be under construction the week of May 11, so the exact date when we turn off our analog broadcast and convert to digital will depend on weather conditions and our tower-climbing crew’s arrival.

We will be off the air for a day or two while construction proceeds, and there may be other short transmission interruptions during the week of May 11. Watch for on-air announcements with more detailed information as the date gets closer. Charter Cable viewers should not notice any interruptions, but viewers on other cable systems that receive our signal over the air will experience the broadcast outages. When work is complete, Public TV 13 will return to the air with digital-only broadcasts, 24 hours a day.

To get the latest and most accurate information on digital conversion for our station and others, we encourage all viewers to tune in for our special live call-in on Tuesday, May 12 at 8:00 pm. “Ask the Experts: DTV Transition III” will feature representatives from local TV stations ready to answer viewer’s questions.

If you watch Public TV 13 over the air, via “rabbit ears” antenna or rooftop antenna, you probably already know that if you will need to make sure you have a digital television receiver (a set-top converter box or a newer digital TV) in order to continue watching our station. Viewers who currently experience a “snowy” picture on analog Channel 13 may need to upgrade their antennas in order the continue receiving us after the digital conversion. If you are getting good reception on analog Channel 13, you should be able to get digital Channel 13 with your current antenna set-up.

You can call the Michigan Toll-free DTV Help Line, 1-888-MI-DTV-09 (1-888-643-8809), for assistance with DTV questions and obtaining coupons. This statewide resource, set up by Michigan Association of Broadcasters and sponsored by Don-Lors Electronics, can offer personal assistance with issues related to converter box coupons, converter box installation and antennas/reception.

Converter Box Coupons
If you had coupons that expired before you could use them, you can now re-apply to the government’s converter box coupon program for new ones. Apply via phone, 888-DTV-2009, or online at www.dtv2009.gov.

Re-Scanning
If you already have your digital TV or converter box in place, remember that you will need to re-scan the channels to pick up Channel 13 when we return to the air after May 13. Public TV 13 will be broadcasting digital on channels 13.1, 13.2 and 13.3 (VHF). Other area broadcasters will be making their final DTV switch on June 12 so it will be necessary to re-scan again after that date.

If you still have questions about the conversion, we encourage you to take a look at the DTV information pages on our web site, www.nmu.edu/wnmutv, email us at dtv13@nmu.edu, or give us a call at 800-227-9668. We have an updated version of the our DTV newsletter available for download, or we can mail a copy to you.

New Channels for Cable Viewers With Digital TVs
Charter Cable now includes local digital channels, including Public TV 13’s three channels, in their basic cable service. If you have a digital tuner in your TV set, you should be able to rescan your cable channels to find these channels. Look in your TV set menus for the channel scan function. We have found that scanning can take up to 10 minutes, so be patient! Please contact Charter if you need more information.

Can You See Us Now?
We want to know how this month’s conversion to DTV affects our Partners. In late May, we’ll be sending out a letter and survey about DTV and how you receive Public TV 13. Please watch your mailbox for an envelope from Public TV 13, and let us know — “Can You See Us Now?”

Thanks for helping Public TV 13 stay on your television! And please remember to help us spread the word by sharing your DTV knowledge with your friends and neighbors.

New TV13 Channel Lineup
After Public TV 13 completes the conversion to digital broadcasts in mid-May, antenna viewers will need to re-scan their channels in order to find our new digital channels:

13.1. Public TV 13’s local programming schedule in standard definition (SD)
13.2. TV13/HD, our high-definition (HD) broadcast of the PBS HD schedule
13.3. TV13/Plus, the PBS schedule on a 3-hour delay in standard definition (SD)
Ask the Experts “DTV Transition”
Public TV 13 will switch to all-digital broadcasting beginning May 13. On this special Tuesday night call-in program, representatives from local TV providers will visit our studios to talk about conversion and answer questions from viewers. Call in your questions and get advice on what gear you will need to continue watching television over the air after the conversion.

PBS Previews: National Parks
A preview of the new Ken Burns film NATIONAL PARKS: AMERICA’S BEST IDEA. The six-part documentary series, directed by Burns and co-produced with colleague, Dayton Duncan, who also wrote the script, is the story of an idea as uniquely American as the Declaration of Independence and just as radical: that the most special places in the nation should be preserved, not for royalty or the rich, but for everyone.
